Rector's Message

Dear readers,

I would like to warmly welcome you all to take a glimpse into the performance and activities of Police Staff College. The 2021 issue of our Newsletter highlights our focus on capacity development and career-oriented initiatives, which have been adapted to the ongoing global Covid-19 pandemic.

Police Staff College has adjusted its scheduled activities in line with national and international Covid-19 resistance strategies. This year, PSC organized two mid-career courses, but the 2nd PLMCC course had to be postponed due to concerns regarding the spread of Covid-19. As the pandemic gathered momentum, PSC postponed all its training events from 4th April 2021 onwards, including ATA courses and the training courses remain suspended till date.

The Research and Publication wing of PSC conducted several seminars on research project methodology with the aim of guiding researchers in achieving optimum results and worthwhile findings. Work on various publications and research project background tasks continued throughout the year.

PSC arranged the first-ever certificate awarding ceremony for students of 1st, 2nd and 3rd batches of the Masters in Applied Criminology and Police Management (MACPM) course. The combined event, coordinated by the Academic wing of PSC, saw the ceremonial awarding of certificates to total of 57 graduates. The top performers from each batch received a plaque of recognition from the Inspector General of Bangladesh Police for their outstanding result in MACPM.

I would like to express my appreciation for the active assistance provided by the Publications and Editorial Committees, and the efforts from various PSC personnel that contributed to the publication of this issue. I would like to advise all of my colleagues to work hard and set an example to make this institution as a lighthouse for learning, training and research with a future-oriented perspective. I extend my best wishes to the entire editorial team and the PSC team as a whole. Whether you live near or far, I wish you all peace, prosperity and happiness in the days to come.

The academic year starts from July and generally ends in the month of June. The entire program consists of sixteen key modules and offers a total of 40 credits. Alongside the core courses, the curriculum accommodates an Executive English Language course, which is a non-credit unit aimed at strengthening the communicative English skills of the students.

The overall curriculum covers a wide range of topics and use a range of delivery styles including seminars, lectures, practical exercises and supervised research to make them participatory, interesting and effective. At the end of the course, students are assigned a supervised research work, allocated on a one-to-one basis, designed to assess learning outcomes and hone their analytical research skills.

PSC Remembers the Father of the Nation

1. Celebrating Bangabandhu's 7 March Speech & Bangladesh's Elevation to LMIC Status

Police Staff College Bangladesh organized a combined event remembering Bangabandhu's 7 March Speech and celebrating Bangladesh's changed status to a lower middle income country. The historic speech given by Bangabandhu on 7 March during the Liberation War in 1971 spurred the nation to achieving freedom through a nine-month long armed struggle. The speech, recognized by UNESCO as part of the world's documentary heritages, is emblematic of the Bengali nation's history and yearning for freedom. PSC added to the discourse analyzing this historic speech through insightful discussions on the implications of the 7 March speech and Bangabandhu's vision for a developed Bangladesh.

Prime Minister Sheikh Hasina virtually inaugurated the celebration program

The country graduated from the list of the least developed countries (LDCs) to become a member of the Lower Middle Income Country (LMIC) club. Celebrating this national achievement in tandem with the 50th year of the nation's independence, Prime Minister Sheikh Hasina virtually inaugurated the nationwide program. Joining in with participants from all over the country, PSC faculty members attended the occasion via virtual media.

Bangladesh fulfilled the three eligibility criteria for the graduation – involving per capita income, human assets index (HAI), and economic and environmental vulnerability index (EVI) – for consecutive years and was eligible for the new development classification

The Rector, PSC inaugurated the festival at the Multipurpose Hall with a formal cake-cutting ceremony.
